Save the Date and Spread the Word!

3rd International Conference will be conducted during the peak harvest season of the country - Nov. 13-14, 2013, in Addis Ababa, Ethiopia. Attention will be drawn to the concerns related to the products of the harvest season. Informative and marketing presentations, new product research findings, marketing linkages and others together with discovering new experiences are included in the event.

Highlights

Program

The program will include presentations, research findings that will be an excellent update on the trends & developments of the sector in Ethiopia, Africa and other parts of the world.

It also consists of informative presentations, panel sessions, entertaining social activities and tours.

Questions such as “What’s new in research arena on pulses, oilseeds and spices that can be used in marketing and processing these products?” will be addressed during the event.

Delegates

- National and International professionals engaged in agricultural development & marketing,

- More than 350 key exporters & importers of varieties of sector products,
- Key public sector policy makers,
- Private sector operators,
- Major development partners
